

Dutch Lessons at PBS

PBS offers Official Dutch lessons. These lessons are delivered by the Stichting NOB (Foundation for Dutch Language Education) which is an independent foundation registered in the Netherlands providing formal Dutch language training. The lessons are available to native Dutch speaking students.

The content of the lessons is specially designed for Dutch children who are abroad to cover a range of curriculum areas that will allow them to settle smoothly back into the Dutch educational system.

For more information about the Dutch lessons please visit the Stichting NOB website (<http://www.nopje.cz/wordpress/>)

If you have any questions about Dutch lessons at PBS please either contact the Stichting NOB directly or John Bagust at PBS
